EDUCATION

California Polytechnic State University, San Luis Obispo

Bachelor of Science in Computer Engineering

September 2024 – Present

Punahou School (Honors)

PROFESSIONAL EXPERIENCE

Instructional Technologist (Internship)

Digital Ready Hawaii – Honolulu, HI

August 2024 – September 2024

- Instructed computer literacy classes for over 50 senior citizens to understand computer functionality, mechanics, and external programs to safely navigate the internet.
- Enabled students to search on the internet to answer questions themselves; systematic problem-solving.

Customer Service Associate (Seasonal)

Chick-fil-A – Honolulu, HI

June 2023 – September 2024

- Served over 10,000 customers with Chick-fil-A's five core values of customer first, personal excellence, continuous improvement, working together, and stewardship.
- Opened and closed the store, handled over 5,000 dollars of customer cash with a cash register, restocked supplies, cleaned stations, bagged and ran food, and filled drinks.

Office Assistant (Apprenticeship)

Samaritan Counseling Center Hawaii – Honolulu, HI

May 2022 – August 2022

- Facilitated five mental health events with counselors to educate and engage over 30 people on the importance of self-care, such as meditation, judgment-free discussion, and other healthy lifestyles.
- Filled 3,000 past and all ongoing paper documents of over 500 patients.

PROJECTS & OUTSIDE EXPERIENCE

Lead Project Manager & Front-end Developer

Resilient Reef Restorer (for *Malama Maunaloa*) – Honolulu, HI

August 2023 – May 2024

- Developed front-end user interface and user interactions with game objects in scenes.
- Directed two students to build a *Unity* game following a project plan using *Nuclino*.
- The game aimed at children encouraged them to learn environmentally friendly beach practices.

Information Technology Support

TechSavvyTeens – Honolulu, HI

June 2024 – August 2024

- Diagnosed and solved over 20 people's specific computer hardware (*Windows*, *MacOS*, cameras, and other devices) and software (*Microsoft Excel*, *Google Chrome*, and other programs) problems.
- Trained four students to diagnose case-by-case issues and isolate components to troubleshoot.
